## Never before . . . all these features in ONE spray gun

1. **NEW BODY.** Rugged, hard wearing, drop forged aluminum body. Plated for surface protection. Gun head insert of stainless steel, air nozzle screws onto stainless steel threads.
2. **NEW ALL PURPOSE GUN.** Exclusive stainless steel fluid inserts and fluid passages permit spraying of all types of fluids: acids, food additives, water emulsions, etc. without damage to the gun or contamination of the end product.
3. **NEW BUILT-IN EFFICIENCY.**
  - A. **NEW** larger air passages permits more pressure and volume at nozzle where it is needed.
  - B. **NEW** fluid nozzle with larger air orifices.
  - C. **NEW** 66SH air nozzle, providing a wider fan pattern than ever before (for siphon spraying.) 12.0 CFM at 50 lbs.
  - D. **NEW** 66PF for pressure spraying. 15.0 CFM at 50 lbs.
4. **FITS THE HAND . . . FEELS RIGHT.** Contoured trigger of forged aluminum with hardened steel plate to withstand wear.
